What is a Tourism Marketing District?

The San Diego Tourism Marketing District (*the District*) follows the Tourism Business Improvement District (TBID) model, which utilizes the efficiencies of private sector operation in the market-based promotion of local and regional tourism for the targeted benefit of assessed businesses. TBIDs, such as this *District*, allow lodging businesses to organize their efforts to increase tourism, specifically the consumption of hotel rooms as measured by room night stays, achieving economies of scale they could not otherwise achieve.

In San Diego, lodging businesses within the *District* will be assessed and those funds will be used to provide privileges, programs and services directly to the assessed lodging businesses that specifically benefit those businesses.

District-funded programs and services designed to deliver incremental new room night sales to assessed businesses may include, but are not limited to:

- Marketing of the Assessed Businesses
- Tourism Promotion Activities
- Special Events and Programs

In California, TBIDs such as the *District* are formed pursuant to the Property and Business Improvement District Law of 1994 (PBID Law), the Parking and Business Improvement Area Law of 1989 (BID Law), or pursuant to an ordinance of a Charter City. In San Diego, the *City Council* adopted a local TBID enabling (procedural) ordinance similar to the 1994 PBID Law. This State statute and the *City procedural ordinance* allow creation of a special benefit assessment district to raise funds within a specific geographic area, in this case the city of San Diego, for the purpose of improving room occupancy and room night sales for assessed businesses.

History:

As a result of diminishing public resources available for effective and competitive destination marketing, local lodging industry leadership began discussing alternative funding sources and available options in 2003. A working group comprised of lodging industry representatives held dozens of meetings with proposed assessed businesses, stakeholder groups and interested parties. On May 8, 2007, at the request of a working group comprised of lodging industry representatives, the San Diego City Council (*City Council*) adopted the San Diego Tourism Marketing District Procedural Ordinance (SDMC Section 61.2501 et seq.) (*Procedural Ordinance*), which created a process for creating a tourism marketing district. Subsequently, on August 1, 2011, the *City Council* adopted amendments to the *Procedural Ordinance* specifying, among other things, a process by which such a district may be renewed. These amendments permit a renewal term up to forty (40) years.

The **San Diego Tourism Marketing District** (*District*) was established pursuant to the *Procedural Ordinance* effective January 1, 2008 for an initial five-year term that ended on December 31, 2012. Developed by San Diego lodging businesses, the *District* is a benefit assessment district created to fully or partially fund marketing and sales efforts that directly benefit San Diego lodging businesses. On November 26th, 2012 the City Council renewed the *District* for a period of thirty-nine and one-half (39.5) additional years. The approved District Management Plan sets forth a plan for *District* activities and assessments during that renewal period.

District Location:

The boundaries of the *District* are the same as the boundaries of the City of San Diego (see "Assessments and Benefit Categories").

Funding Source Entirely from Assessed Lodging Businesses:

In response to the 2010 Proposition 26 legislation, the renewed district consists of two (2) benefit categories in the *District*. Each benefit category is designed so that the activities provided in connection with that category will confer exclusive privileges and a specific benefit directly to assessed businesses (current and future). These assessed businesses are defined in Appendix 1 of the District Management Plan: Lodging businesses benefitting under category A include all lodging businesses in the *District* with thirty (30) or more rooms. Lodging businesses benefitting under category B include all lodging businesses in the *District*, regardless of size.
