SAN DIEGO TOURISM MARKETING DISTRICT**OVERVIEW:****What is the SDTMD?**

The San Diego Tourism Marketing District (the *District*) follows the Tourism Business Improvement District (TBID) model, which utilizes the efficiencies of private sector operation in the market-based promotion of local and regional tourism for the targeted benefit of assessed businesses. TBIDs, such as this *District*, allow lodging businesses to organize their efforts to increase tourism, specifically the consumption of hotel rooms as measured by room night stays, achieving economies of scale they could not otherwise achieve.

In San Diego, lodging businesses within the *District* will be assessed and those funds will be used to provide privileges, programs and services directly to the assessed lodging businesses that specifically benefit those businesses.

District-funded programs and services designed to deliver incremental new room night sales to assessed businesses may include, but are not limited to:

- Marketing of the Assessed Businesses
- Tourism Promotion Activities
- Special Events and Programs

In California, TBIDs such as the *District* are formed pursuant to the Property and Business Improvement District Law of 1994 (PBID Law), the Parking and Business Improvement Area Law of 1989 (BID Law), or pursuant to an ordinance of a Charter City. In San Diego, the *City Council* adopted a local TBID enabling (procedural) ordinance similar to the 1994 PBID Law. This State statute and the *City procedural ordinance* allow creation of a special benefit assessment district to raise funds within a specific geographic area, in this case the city of San Diego, for the purpose of improving room occupancy and room night sales for assessed businesses.

There are many benefits to TBIDs:

- Funds must be spent to provide privileges or a specific benefit only to those who pay;
- Funds cannot be diverted for other government programs;
- Activities are customized to fit the needs of businesses in each TBID;
- Petition support is required from lodging businesses paying over 50% of the annual proposed assessment (this is true both under San Diego's *procedural ordinance* and the 1994 PBID Law);
- They are designed by those who will pay the assessment; and
- They provide a stable funding source for tourism promotion that will result in the generation of incremental new room night sales for assessed businesses.

History:

As a result of diminishing public resources available for effective and competitive destination marketing, local lodging industry leadership began discussing alternative funding sources and available options in 2003. A working group comprised of lodging industry representatives held dozens of meetings with proposed assessed businesses, stakeholder groups and interested parties. On May 8, 2007, at the request of a working group comprised of lodging industry representatives, the San Diego City Council (*City Council*) adopted the San Diego Tourism Marketing District Procedural Ordinance (SDMC Section 61.2501 et seq.) (*Procedural Ordinance*), which created a process for creating a tourism marketing district. Subsequently, on August 1, 2011, the *City Council* adopted amendments to the *Procedural Ordinance* specifying, among other things, a process by which such a district may be renewed. These amendments permit a renewal term up to forty (40) years.

The **San Diego Tourism Marketing District** (*District*) was established pursuant to the *Procedural Ordinance* effective January 1, 2008 for an initial five-year term that ended on December 31, 2012. Developed by San Diego lodging businesses, the *District* is a benefit assessment district created to fully or partially fund marketing and sales efforts that directly benefit San Diego lodging businesses. On November 26th, 2012 the City Council renewed the *District* for a period of thirty-nine and one-half (39.5) additional years. The approved District Management Plan sets forth a plan for *District* activities and assessments during that renewal period.

District Location:

The boundaries of the *District* are the same as the boundaries of the City of San Diego (see “Assessments and Benefit Categories”).

Funding Source Entirely from Assessed Lodging Businesses:

In response to the 2010 Proposition 26 legislation, the renewed district consists of two (2) benefit categories in the *District*. Each benefit category is designed so that the activities provided in connection with that category will confer exclusive privileges and a specific benefit directly to assessed businesses (current and future). These assessed businesses are defined in Appendix 1 of the District Management Plan: Lodging businesses benefitting under category A include all lodging businesses in the *District* with thirty (30) or more rooms. Lodging businesses benefitting under category B include all lodging businesses in the *District*, regardless of size.

Assessments and Benefit Categories:

All assessment rates are based on the privileges directly conferred and specific benefit directly received by assessed businesses from the activities provided within each category and are levied on “Assessable Rent” which is based on gross room rental revenue less exempt revenues, of those benefitting businesses. Annual assessment rates are as follows:

- **Benefit Category A Rate: 1.45%** - applied to Assessable Rent of qualifying City of San Diego lodging businesses with 30 or more rooms.
- **Benefit Category B Rate: 0.55%** - applied to Assessable Rent of

all qualifying City of San Diego lodging businesses.

In summary, lodging businesses with 30 or more rooms will be assessed at a total rate of 2% (Category A + Category B). All other lodging businesses will be assessed at a total rate of 0.55% (Category B only).

Pursuant to this Plan, assessable Rent does not include revenue from stays where:

- the transient has exercised occupancy or was entitled to occupancy for one month or more; or
- the total space rental charge is twenty-five dollars (\$25.00) a day or less, or the accommodations rented are in a dormitory and the total space rental charge for each transient is twenty-five dollars (\$25.00) a day or less; or
- the transient is by treaty, or federal law, or state law exempt from payment of transient occupancy taxes; or
- rent is directly paid by the United States Government or the State of California or their respective instrumentalities.

Assessments will be authorized by the *City Council* to be levied for the term of the *District*.

**SDTMD FUNDING APPLICATION
GUIDELINES AND REQUIREMENTS**

APPLICATION GUIDELINES AND REQUIREMENTS

General Application Guidelines:

The SDTMD Corporation is not a sales or marketing entity, but rather a funding conduit to contractors for development and implementation of effective sales and marketing programs and services that provide unique privileges and specifically benefit assessed businesses within the *District*. The SDTMD Corporation will be responsible for allocation and distribution of available revenue and will contract with qualified third-party contractors to supply specific sales and marketing programs and services as required and approved by the Corporation's Board of Directors.

Each applicant will be required to submit an “**Application Request for TMD Funding**” for specific sales and marketing programs that will provide unique privileges and specifically benefit assessed businesses within the *District*. Each application requires significant information about the applying organization or entity, as well as a detailed budget proposal and narrative specifying how the proposed funds will be spent, the expected result(s) in TMD lodging room night revenue, and the method(s) for measuring results.

The marketing and sales programs and services funded by the *District* are meant to deliver incremental room night sales directly to *District*-assessed lodging businesses. It is understood that each individual lodging business implements and privately funds a unique, proprietary marketing and sales program that is responsible for the generation of the vast majority of room nights at each business. *District* programs and services are supplemental to, and provide incremental room nights in addition to, those proprietary programs.

To allocate funding to marketing and sales programs, the Corporation's Board of Directors must find that each will be likely to generate incremental room night sales at assessed businesses. The purpose of any funded activity must be to generate such sales. The Corporation's Board of Directors will establish and regularly update a clearly defined application process for proposed marketing and sales programs. The application will articulate the required qualifications of applicants, the target *ROI*, and the measurement of results, among other criteria as means to ensure direct benefit to assesses.

Definitions-

- ***Sales***

The sales process is defined as the activities designed to close or consummate the sale. This closure can take several forms when delivering lodging room night sales. For the transient or tourist responding to the marketing activities this sale may take the form of a walk-in purchase, an on-line reservation, or a telephone reservation.

Another significant element of the lodging sales function involves group and meeting sales. The group and meeting sales process consists primarily of interpersonal interaction, activities that engage the prospect or customer on a personal level rather than at a distance, through technology or a second party. It is often done by one-on-one meetings, cold calls, and networking. It requires significant front-line sales manpower, plus administrative,

operational, and technological support, and considerable time. Often, success is the result of several years of communication and relationship building between the sales representative and the customer; who is usually a professional meeting or convention planner. The “sale” results in a signed agreement or contract for a meeting or convention that can deliver hundreds, if not thousands of hotel room nights.

- ***Marketing***

Marketing is the activity of identifying, communicating to, reaching, informing, educating, motivating and persuading prospective consumers of hotel room nights to consummate a purchase. It is the message that prepares the prospective consumer for the sale, may take many traditional and/or innovative forms, and may be modified over time as a result of changes in consumer demands, new tourism products, and advances in marketing and communication technologies. It currently consists of many strategies, tactics and components including but not limited to these examples:

- Market Research;
- Advertising;
- Marketing Promotion;
- Press and/or Public Relations;
- New Product Development;
- Web Strategies, Viral and E-marketing;
- Partnership marketing; and
- Direct Marketing (to a defined universe with a specific call to action).

- ***DMOs (e.g. San Diego Tourism Authority / Convention and Visitors Bureau):***

It is widely recognized that successful direct marketing and sales of a visitor destination is the result of a considerable investment in time and resources. Visitor destinations, of all sizes in myriad locations, compete for a finite number of consumers. Many of these visitors require lodging. This daily consumption of lodging, as measured by the industry standard of hotel room nights, is vital because the unused portion of a hotel’s available inventory spoils every day, and is never again available for sale.

Historically, businesses in visitor destinations have banded together to pool resources in order to develop coordinated messaging and to deliver a call-to-action that would result in an increase in the consumption of visitor-serving offerings. These groups have been given many names that usually contain the term “visitors bureau.” More recently, they have been recognized as Destination Marketing Organizations (DMOs). Over time these organizations have become clearinghouses for visitor-serving information, products and services, while generating incremental new business for their members. Typically, a major participant in these coordinated community, regional and/or statewide efforts are representatives of the hotel industry who, understanding the “commodity” nature of their products, constantly seek opportunities to increase daily consumer demand for them.

Depending on the location and its available visitor offerings, each DMO develops and implements a business plan to sustain current visitor levels while generating additional business from new visitors. The activities implemented to serve these goals are numerous, creative, and diverse.

The meetings industry is distinct within the visitor industry, different from tourism, with its own unique markets, requirements and agendas. Yet, like leisure visitors, meeting attendees and convention delegates require accommodations.

The success of marketing and sales efforts is predicated on the long-term establishment and operations of a local DMO. The decisions that drive these direct sales initiatives are based on years, if not decades, of research, performance analysis, brand development and messaging, plus nurtured client/vendor relationships, performed by a professional staff with administrative support requiring extensive business manpower (sales force), infrastructure (offices, equipment, transportation) and technology (internet tools).

Marketing and Sales Programs: Stipulated Best Practices

To guide *District* contractors and ensure direct benefit to assessees, below is a partial list of required Best Practices for implementation of *District*-funded programs and services.

Following *District* renewal and adoption by the *Corporation's* Board of Directors, this list may be modified from time to time provided that the goal of direct and exclusive benefit to assessees is attained.

- It is required that all recipients of *District* funds certify that those funds will be spent to provide exclusive privileges and/or specific benefits only to *District* assessed businesses and not to any other, non-assessed businesses. To the extent that other, non-*District*, lodging businesses may receive incremental room nights, that portion of the promotion or program generating those room nights shall be paid with non-*District* funds.
- It is required that all recipients of *District* funds demonstrate availability of other additional non-*District* sources of revenue, such as but not limited to, membership dues, marketing fees, earned income, and/or participation fees, which they will contribute to the promotion or program to pay for any incidental benefit to non-*District* lodging businesses.
- It is required that all advertising materials and media include a call-to-action that directs consumers exclusively to *District* lodging businesses.
- It is required that all recipients of *District* funds conduct an analysis of room night generation for *District* lodging businesses and non-*District* lodging businesses in addition to a *ROI* analysis. The cost of efforts which generate room nights for non-*District* lodging businesses must be paid with non-*District* funds.

Funding / Benefit Categories A & B:

There are two (2) benefit categories in the *District*. Each benefit category is designed so that the activities provided in connection with that category will confer unique privileges and a specific benefit directly to assessed businesses (current and future).

Lodging businesses benefitting under **Category A** include all lodging businesses in the *District* with thirty (30) or more rooms. Lodging businesses benefitting under **Category B** include all lodging businesses in the *District*, regardless of size.

BENEFIT CATEGORY A

All lodging businesses in the District with thirty (30) or more rooms

Benefit Category A Overview

It is understood by the Board of Directors of the *SDTMD Corporation* that the aggressive, daily consumption of lodging, as measured by the industry standard of hotel room nights, is vital to all lodging businesses because the unused portion of a hotel's available inventory spoils every day, and is never again available for sale. Therefore, the *Corporation* will contract with destination marketing organizations (DMOs) and other contractors selected through competitive application or procurement processes for the specific marketing and sales programs and services as outlined below.

The marketing and sales programs and activities of Benefit Category A will focus primarily on (i) the group and meeting planner or contractor and (ii) consumer direct sales and marketing programs. Consumer direct sales and marketing programs are specifically designed to place booking opportunities for assessed businesses in the grasp of consumers who have or may have expressed an interest in traveling to San Diego. To ensure proportional provision of direct benefits to assessees, the services to be provided to benefit category A assessees have been divided into three subcategories: A1, A2, and A3.

Benefit Category A1:**Meeting and Group Sales & Marketing Programs and Consumer Direct Sales & Marketing Programs to Drive Sales Demand for District Lodging Businesses (*with thirty (30) or more rooms*)**

Benefit category A1 lodging businesses will have the exclusive privilege to participate or be represented in, and receive a specific benefit from, but not limited to, the direct marketing and sales initiatives and programs listed above and further defined in District Management Plan (DMP) Appendix 4 & 5.

Other activities designed to support the above efforts to drive sales demand to these lodging businesses include: Direct Sales and Marketing to Meeting Planners and Meeting Buyers, and Consumer Research, Market Intelligence, Market Cultivation and Penetration.

Benefit category A1 direct sales and marketing programs and services, which are a diverse mix of time-tested and proven initiatives, projects, and activities, will provide exclusive privileges and specifically benefit all current and future lodging businesses of thirty (30) rooms or more within the boundaries of the *District*. These initiatives, projects and activities are deployed to achieve individual property direct sales for those lodging businesses with meeting space, and/or large enough (30 rooms or more) to accommodate a small meeting, reunion or tour group. The hotel meeting and group sales effort is focused on group, meeting, convention and tour operator contract programs.

Benefits resulting from these programs will be realized directly by individual lodging businesses in the target market area or market segment served through the exclusive privilege of participating in a unique contract program, marketing initiative or service funded under benefit category A.

Meeting & Group Direct Sales and Marketing

Benefit category A requires that a specific set of marketing and sales tools be deployed to achieve individual property direct sales for those lodging businesses. Hotel Meeting Sales is focused on Group, Meeting, Convention and Tour Operator contract programs. These are typically business-to-business relationships. These programs require unique skills, marketing tools and expertise to deal with different markets, develop different messaging, and to address multiple challenging and different decision factors. Specifically, the marketing and sales programs and services provided to generate hotel room nights include (as defined District Management Plan - DMP Appendix 4 & 5) but are not limited to:

- **A1.1 : Hotel Meeting Sales;**
- **A1.2 : Event Management and Groups Sales Development;**
- **A1.3 :Tourism Development including Travel & Trade;**
- **A1.4 Group Meeting Direct Marketing; and**
- **A1.5: Consumer Direct Sales & Marketing Programs including National Online and Pay-Per-Click Banner Advertising and Online Travel Agency Campaigns (OTAs such as Expedia, Orbitz, and Travelocity).**

Note: Multi-Year Tourism Development - A1.6 is reserved (see Appendix 4).

Benefit Category A2: **Sub-Regional Targeting** *(For District Lodging Businesses with thirty (30) or more rooms)*

Although benefit category A1 programs are designed to provide benefit citywide, many of these programs have a focus on larger convention and activities that occur in the Downtown area. In order to ensure that the programs exist to directly serve the needs of larger hotels spread throughout the City, category A2 includes services that are directed specifically towards parts of the City other than Downtown.

Targeted sub-regional marketing will deliver specific benefit to coordinated groups of lodging businesses throughout the *District* which are subject to the benefit category A assessment. These lodging businesses will have the exclusive privilege to participate or be represented in, and/or receive the specific benefit from, but not limited to the marketing and sales initiatives and programs listed above and further defined in Appendixes 4 and 5 (of the DMP). Activities shall be intended to provide supplemental programs of the type detailed in benefit category A.1 but specific to the District sub-regions outside of the downtown core such as Rancho Bernardo, La Jolla, Mission Bay, and Mission Valley.

Subject to further provisions in this paragraph, the *Corporation* shall annually budget a portion of funds derived from benefit category A assessment revenue to DMOs for the purpose of sub regional sales and marketing for those lodging businesses subject to the benefit category A assessment. When allocating resources and implementing programs in sub-regional areas, consideration shall be given to the number and distribution of lodging businesses subject to the benefit category A assessment and room count in those sub-regional areas to ensure that all assessees benefit proportionally from the activities funded by the assessment.

To further ensure provision of a specific benefit to assessed lodging businesses, sub-regional Hotel Advisory Committees shall be established as follows:

- DMOs receiving *District* funds shall establish criteria for the recognition of sub-regional Hotel Advisory Committees.
- The *Corporation's* Board of Directors shall annually apply those criteria to identify the bona fide sub-regional Hotel Advisory Committees.
- Membership on the Hotel Advisory Committees shall be limited to representatives from lodging businesses subject to the benefit category A assessment located in the sub-region for which each committee is established. While the sub-regions may realign or increase in the future, it is anticipated that the initial sub-regions will include, but not be limited to:
 - Mission Bay
 - Mission Valley
 - La Jolla
 - Shelter Island / Point Loma
 - I-5 corridor (adjacent to Del Mar)
 - I-15 corridor
- The committees shall act in an advisory capacity with the primary purpose of consulting with DMOs, and making recommendations on the programs and expenditures relative to sub regional programs annually proposed by DMOs.
- Sub-regional programs as proposed and implemented shall be consistent with the stated goals and objectives of the DMO to the extent they comply with the requirements of this Plan, and shall utilize proven marketing and media channels.

**Benefit Category A3:
Competitive Targeting**

(For District Lodging Businesses with thirty (30) or more rooms)

Category A3 includes programs similar in nature to those funded through category A1, but selected through a competitive application process amongst smaller service providers and special programs.

The *Corporation's* Board of Directors will annually budget a portion of the revenue derived from the benefit category A assessment for competitive supplemental marketing efforts.

Such programs, activities, events, and services may be solicited either through a competitive application or open procurement process. These programs and services must provide unique, exclusive privileges and/or deliver a measurable specific benefit to assessees based on room night sales, which are in addition to the privilege or benefits provided by other programs funded with the benefit category A assessment.

The *Corporation* will solicit and/or receive applications for funding from numerous diverse entities. Specific application guidelines were implemented during the *District's* initial five-year term and will continue to be utilized throughout the renewal term. Changes to the guidelines, criteria and application can only be made by an action of the *Corporation's* Board of Directors.

Fundamental to the funding of any application will be the clearly articulated exclusive privileges and specific benefit to assessed lodging businesses in the *District*. While exclusive privileges can be delivered in numerous ways, the specific benefit must be measured in the delivery of hotel room night sales to assessed lodging businesses. Successful applications will clearly describe the strategy and tactics for delivering room night sales, as well as the estimated resulting number of room night sales and resulting gross room revenue. The method for calculating and verifying the *ROI* results must be described in the application.

When considering these fundamental application requirements, priority will be given to:

- **Special-need periods of the year;**
- **Special-need geographic locations within the *District*; that may include but are not limited to a sub-region, multiple sub-regions, a neighborhood or community, or an area uniquely defined to host or support a program or event; and**
- **The opportunity to generate incremental room nights from existing programs or sponsoring programs.**

Competitive Supplemental Marketing Programs will deliver a specific benefit to coordinated groups of lodging businesses throughout the *District* which are subject to the benefit category A assessment. These lodging businesses will have the exclusive privilege to participate or be represented in, and/or receive the specific benefit from competitive supplemental marketing initiatives and programs designed to drive sales demand for room nights at these businesses as articulated in District Management Plan (DMP) Appendix 4 & 5.

Determining ROI

All successful applicants for funding from assessment revenues must clearly demonstrate a measurable *ROI* based on room night sales for the programs or services they propose. Applicants and recipients must demonstrate their suggested methods of measuring *ROI* for their programs as part of applications and quarterly performance reports. All stated *ROI* results are subject to third-party audit

BENEFIT CATEGORY B

All lodging businesses in the District, regardless of size

Benefit Category B: Overview (DMO Primary)

Critical to the consumption of lodging business room nights is the location, or destination, of the businesses. While a meeting or convention can mandate a destination for a conventioner or delegate, the transient hotel guest, the tourist, makes a personal travel decision in light of market forces. Consumer direct/destination marketing and messaging are designed to influence, entice and support such decisions and therefore generate incremental transient room night sales. All of the lodging businesses subject to the benefit category B assessment will directly benefit from consumer direct/destination marketing.

Benefit Category B: Destination Marketing with Specific Call to Action

Benefit category B funds consumer direct destination marketing. Such marketing can include, but is not limited to, consumer direct advertising and earned media (public relations releases) and media contacts. All marketing funded through benefit category B will include specific calls to action directly related to district lodging businesses. Such calls to action might include, but are not limited to, inclusion of special consumer directed website landing pages featuring only district lodging businesses, links, or phone numbers exclusively dedicated to providing district lodging business information and booking opportunities. All approved campaigns must have budget proportional other source funding reflective of benefit that will be used to augment the District funding to proportionally reflect the any percentage of benefit received to non-assesseees. Typical direct expenses include advertising costs, agency fees, production, printing, distribution costs, District related personnel salary, commissions, benefits, training, travel, printed material, promotional items, information technology, market intelligence, research, and performance audits. - Typical indirect expenses include related contractor executive management, information technology support, and general & administrative overhead.

While none of the exclusive privileges (calls to action and special website and phone number) of participating in programs funded by benefit category B will be available to businesses that do not pay the benefit category B assessment, secondary benefit may accrue to lodging establishments outside the boundaries of the *District*, but the resulting room night capture would be offset by the utilization of other source income to support these programs. DMOs will be required to demonstrate sufficient alternate revenue sources in support of Consumer Direct/Destination Marketing programs under benefit category B.

Benefit category B Consumer Direct/Destination Marketing programs and services will provide exclusive privileges and specifically benefit all assessed lodging businesses in the *District*, regardless of size. Therefore, all of these qualifying lodging businesses as listed in Appendix 3 will be assessed for the activities provided by funding from benefit category B. Benefits resulting from these programs will be realized directly by individual assessed lodging businesses in the target market area or market segment served through the exclusive privilege of participating in a unique contract program, marketing initiative or service funded by the benefit category B assessments.

Funding Requirements:

Assessment funds will be spent to provide a specific benefit conferred or privilege granted directly to the payor that is not provided to those not charged, and which does not exceed the reasonable costs to the *City* of conferring the benefit or granting the privilege. The activities also constitute specific government services provided directly to the payor that is not provided to those not charged, and which do not exceed the reasonable cost to the *City* of providing the services.

The privileges and services provided with *District* funds are sales, marketing, advertising and promotional programs available only to assessed businesses. District activities will be designed for the sole purpose of generating incremental room night sales at assessed businesses. Such room night sales are of great value to assessed business and constitute a specific benefit for which the assessment is charged. Non-assessed businesses will not have access to the privileges and services provided by the assessment. For example, only assessed businesses will be entitled to receive sales leads generated by District-funded activities or be featured in District-funded marketing materials.

Because marketing services are provided by *Corporation*-approved contractors, requirements for contractors and the application process have been developed. Specifically, all funding requests must delineate:

- All sales, marketing, advertising and promotional programs;
- Number of *District* lodging business room nights generated – existing and incremental;
- Average Daily Rate est. (from approved source such as Smith Travel Research);
- Projected sales leads to be generated (if applicable);
- Return on Investment (*ROI*) as measured in *District* room night revenue;
- Time of year (peak, shoulder, low); and
- Number of marketing impressions (included as supportive information only where applicable).

Successful applicants that become contractors for the *Corporation* will be required to submit quarterly performance updates and comprehensive annual performance reports which include the above required information along with samples of marketing materials and information as to the methodology used to substantiate the *ROI*.

Funded contractors and programs must also have a cost allocation methodology which demonstrates that costs are apportioned between applicable funding sources so that the amount of assessment revenue used is proportionate to the benefit derived by *District* lodging businesses.

The *Corporation* will contract with an independent third-party to audit the results and to verify *District* room nights and *ROI*.

Oral Presentation:

Should an application meet the fundamental requirements for consideration, and prior to any decision, qualifying finalist may be invited to make a public, oral presentation before the SDTMD Board of Directors at a public meeting.

Agreement Between Contractor and SDTMD:

Unless otherwise directed by the SDTMD, each Applicant awarded funds must then submit an electronic copy of their Proposal (Scope of Work) and Budget adapted to reflect the awarded amount within 30 days of the receipt of the notice of funding or by March 21, 2015, whichever is earlier. This applies for all Annual Funding recipients.

Once the Board of Directors has approved funding and the SDTMD budget is approved by the City Council, an Agreement will be issued to the successful applicants. The Agreement will specify the terms and conditions of the arrangement, including the organization's scope of work, the amount of funding, the limitations associated with the funding, anticipated results, and mutually agreed upon method(s) for measuring those results. The Contractor shall be required to execute such an Agreement prior to receiving SDTMD funds.

Cost Reimbursement:

All funds are awarded on a cost reimbursement basis following the City of San Diego Operations Manual. All items for reimbursement must align with the SDTMD / City approved budget and include proof of payment of the expense. The average turnaround time is 30 days from the receipt of a correctly submitted reimbursement request packet. Reimbursement requests may be submitted on a monthly basis or less frequently as arranged with staff. There can be no payment in advance, unless approved by the board for special circumstances and in compliance with the SDTMD contract with the City.

Performance Reports:

Performance Reports will be required quarterly detailing the target and actual outcomes by type of activities, specific sales and marketing initiatives, etc. These quarterly reports must detail the way in which all assessed businesses (TMD lodging businesses) are benefited, along with the details of all TMD funds expended.

Applicants must detail their method of measuring and tracking ROI for their particular program as part of their performance reports. All ROI results will be subject to a third-party audit (*see attached APPENDIX A: "Metrics Criteria for the San Diego Tourism Marketing District-ROI Measurement Policy"*).

APPLICATION REVIEW PROCESS

PRELIMINARY REVIEW BY STAFF:

SDTMD Executive Director shall review each application and consider:

- The thoroughness of application and format.
- The proposed programs' compliance (such as Prop 26) and ROI.
- The appropriateness of the proposed program goals and objectives.
- The quality of the responses to the review criteria including the strength of the program's collateral and support materials.
- The current and past contractual performance / standing with the City of San Diego and/or other governmental agencies.
- Disclosure of other pending or granted public funding for the fiscal year in question.

SDTMD BOARD REVIEW OUTLINE:

Eligible applications will be forwarded by staff to the SDTMD Board for review. The formal SDTMD application review process will consist of **two phases** to be held in a public meeting format.

I. Annual Funding Competitive Application Review:

Phase One: The SDTMD Board may review and discuss all applications individually at public board meetings. *Applicants may be requested to provide an oral/ multimedia presentation not to exceed 10 minutes, unless otherwise directed by the SDTMD Board.* These presentations shall coincide with the application review and will be scheduled by the SDTMD in advance.

Phase Two: After the formal application review process (Phase One) is complete for all annual applicants, all programs will be prioritized by the SDTMD Board. At a public meeting, the Board will then evaluate the relative value and need of each program and determine the level of funding, if any, of each program based upon the "Phase One" reviews, recommendations, and the estimated availability of funds. **There is no guarantee of funding for any application.**

II. Supplemental Funding Review:

After all Annual Funding Programs have been reviewed and allocated by the SDTMD Board and **if** TMD funds are available, qualifying organizations may apply for Supplemental funding such as a single event or a specialized sales / marketing program.

Qualifying "short term" initiatives may be applied for after the Annual Application deadline. All such proposals are required to follow the SDTMD application format and submit to the SDTMD at least one month in advance of the next regularly scheduled Board of Directors Meeting, unless directed otherwise by the SDTMD board or staff. It is strongly recommended that a preliminary discussion with the Executive Director is scheduled prior to the submittal of the application.

As these initiatives will be periodic through the year and, by nature, not subject to the funding deadline of the annual programs, it is possible that only one proposal might be presented to the SDTMD Board for review at a public meeting. In this case, Phase One and Phase Two may be combined with funding determined immediately upon Board review. If more than one initiative or organization is reviewed, then the following format will be used:

Phase One: The SDTMD Board will review and discuss each application individually at public board meetings. *Applicants may be requested to provide an oral/multimedia presentation not to exceed 10 minutes, unless otherwise directed by the SDTMD Board.* These presentations shall coincide with the application review and will be scheduled by the SDTMD in advance.

Phase Two: After the formal application review process (Phase One) is complete for all pending supplemental applicants, all programs will be prioritized by the SDTMD Board. At a public meeting, the Board will then evaluate the relative value and need of each program and determine the level of funding, if any, of each program based upon the “Phase One” reviews, recommendations, and the estimated availability of funds. **There is no guarantee of funding for any application.**

APPEALS PROCESS

Written appeals may be made after Phase One ranking. In a public meeting, the SDTMD Board shall consider appeals and will vote on final recommendations.

Appeals may be based only on two possible grounds:

- A material misstatement(s) by the Board during the review process of factual information contained within the application such that it negatively influenced the Board’s evaluation of the applicant’s request for funding; and, or
- Incorrect processing of the required application materials such that it negatively influenced the panel’s evaluation of the applicant’s request for funding.

Dissatisfaction with an application’s denial or ranking is not sufficient grounds for an appeal. Additionally, an appeal may not be used to correct incorrectly stated or omitted information made by the applicant in the application.
