## Independent Auditor's Report

To the Board of Directors  
San Diego Tourism Marketing District  
San Diego, California

### **Opinion**

We have audited the accompanying financial statements of San Diego Tourism Marketing District (a nonprofit organization), which comprise the statements of financial position as of June 30, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of San Diego Tourism Marketing District as of June 30, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of San Diego Tourism Marketing District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about San Diego Tourism Marketing District's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

---

**www.redwitz.com (800) 576-1514**

In performing an audit in accordance with GAAS, we:

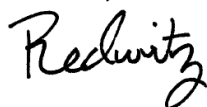

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of San Diego Tourism Marketing District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about San Diego Tourism Marketing District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

#### **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules I, II, and III are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to Financial Statements

June 30, 2023 and 2022

---

## Note 1 – Organization and summary of significant accounting policies

### Nature of business

San Diego Tourism Marketing District (“SDTMD”) is a nonprofit mutual benefit corporation, incorporated on November 14, 2007, and organized under the California Nonprofit Mutual Benefit Corporation Law. SDTMD began operations on April 1, 2008. SDTMD is a funding conduit for the development and implementation of effective marketing programs and services that benefit the assessed businesses within the Tourism Marketing District (“TMD”). SDTMD is responsible for the allocation and distribution of the available revenue and contracts with qualified third-party vendors to supply marketing programs and services as required and approved by the Board of Directors. All recipients of funding are required to clearly demonstrate a measurable return on investment for the programs or services they propose, as measured by incremental new room nights generated.

The TMD was formed pursuant to San Diego City Ordinance O-19622 N.S. The ordinance allows qualifying lodging businesses to create a district within which businesses pay assessments to fund programs and services that specifically benefit the assessed lodging businesses. The TMD assessment is based upon 2% of gross room revenue from transient stays for lodging businesses with seventy (70) or more sleeping rooms operating within the City of San Diego (“City”) and is remitted and reported to the City. The City oversees the collection of the assessments and ensures that the expenditure of funds is consistent with the TMD Management Plan. TMD funds are released to SDTMD after SDTMD has reimbursed its contractors. The original district (“O-19622”) was established by a procedural ordinance for a five-year term that ended December 31, 2012.

The renewed TMD (“O-20096”) was formed pursuant to San Diego City Ordinance O-20096 and was approved for thirty-nine and one-half (39.5) years with collections commencing January 1, 2013. There are two benefit categories in O-20096. Each benefit category is designed so that the activities provided in connection with that category will confer exclusive privileges and a specific benefit directly to assessed businesses. Category A which includes lodging businesses in the district with thirty (30) or more rooms with an assessment rate of 1.45% and Category B which includes all lodging businesses in the district, regardless of size, with an assessment rate of .55%. SDTMD entered into an agreement with the City to operate O-20096 for a five-year period until November 25, 2017, with a provision to extend beyond the term for three 10-year terms.

On August 2, 2016 the Council of the City of San Diego adopted Resolution Number R-310664 modifying the District Management Plan, (“Modified O-20096”) eliminating the A and B funding categories, and defining lodging businesses as those with seventy (70) or more rooms. The effective date of the modification is November 1, 2016. SDTMD entered into an agreement with the City to operate the modified district for a five-year period until October 31, 2021. Effective July 1, 2020, the agreement with the City to operate the modified district was extended for a ten-year term expiring June 30, 2030.

### Basis of presentation

SDTMD’s financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“US GAAP”), which require SDTMD to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of SDTMD. These net assets may be used at the discretion of SDTMD’s management and the board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of SDTMD or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

At June 30, 2023 and 2022, SDTMD had no net assets with donor restrictions.

# San Diego Tourism Marketing District

Notes to Financial Statements

June 30, 2023 and 2022

---

## Note 1 – Organization and summary of significant accounting policies (continued)

### Basis of accounting

SDTMD's financial statements have been prepared on the accrual basis of accounting.

### Revenue and support

SDTMD's sources of revenue come from TMD assessments, penalties, and interest. The entire TMD program described in the District Management Plan includes activities paid by assessments and other non-assessment revenue. Under the provisions of SDTMD's agreement with the City, a pooled fund was established by the City for the receipt and disbursement of TMD assessments and other City administered assets. The fund, along with any interest earned on the City's investment pool, is administered by the City's auditor and comptroller. At June 30, 2023 and 2022, the estimated balance of SDTMD's share of the pooled fund is included in City holdbacks on the statements of financial position.

Revenue from assessments is recognized at a point in time in the year in which the performance obligation is met, which is the time that the offsetting liability to contractors is incurred and operating expenses are paid. Thus, deferred assessment revenue includes assessments collected but not expended as of June 30, 2023 and 2022.

SDTMD is unable to estimate interest and penalty revenue since it lacks visibility to the City's investment pool. Therefore, interest and penalty revenue is recognized at a point in time as it is reported by the City's comptroller. The City credits SDTMD with a portion of the interest earned from the City's investment pool based on SDTMD's average share of the pool.

### Functional expenses

The costs of providing the program and administrative activities have been summarized on a functional basis in the statement of activities. By contract agreement with the City of San Diego, administrative expenses incurred by SDTMD are not allocated to program expenses as they are costs related to corporate governance.

The cost allocation methodology approved by SDTMD for contractors is modeled on 2CFR Part 230. SDTMD requires general and administrative costs and other indirect costs to be pooled for allocation for contractors requesting assessment funds to support indirect costs. The basis of allocation is on the modified total direct cost basis. This methodology requires overhead costs to be pooled and allocated to program costs based on total program direct costs modified by removing certain direct costs from the denominator such as subcontractor and media buys, that if not removed would result in an inequitable allocation of overhead to programs. The overhead pool includes costs associated with contractor facility and corporate governance such as professional services, executive and administrative compensation, depreciation, corporate compliance, office supplies, liability insurance, hospitality supplies, employee morale, training, supervision, and recruitment. Contractor overhead allocations are approved in the budget process.

### Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. These estimates are based on information available as of the date of the financial statements; therefore, actual results could differ from these estimates.

Interest revenue as reported by the City is subject to change given the timing of the City's year-end close and audit; it is reasonably possible that the interest income amount may change in the near term.

### Income taxes

SDTMD is exempt from income taxes under Section 501(c) 6 of the Internal Revenue Code and similar provisions of the California Revenue and Taxation code. In addition, the Internal Revenue Service determined that SDTMD is not a private foundation within the meaning of Section 509(a) of the Internal Revenue Code. SDTMD may be subject to income taxes on any unrelated business income over \$1,000.

# San Diego Tourism Marketing District

Notes to Financial Statements

June 30, 2023 and 2022

---

## Note 1 – Organization and summary of significant accounting policies (continued)

### Income taxes (continued)

Management of SDTMD considers the likelihood of taxes imposed by taxing authorities and recognizes a liability for or discloses potential significant changes that management believes are more likely than not to occur, including changes to SDTMD's status as a not-for-profit entity. Management believes SDTMD has met the requirements to maintain its tax-exempt status and has no income subject to unrelated business income tax, therefore no provision for income taxes has been provided in these financial statements.

SDTMD's exempt return filings for the past three years are subject to examination by tax authorities.

### Fair value measurements

The Fair Value Measurements and Disclosure Topic defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal, or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three general valuation techniques that may be used to measure fair value, are as follows: Market approach – which uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. Prices may be indicated by pricing guides, sale transactions, market trades, or other sources; Cost approach – which is based on the amount that currently would be required to replace the service capacity of an asset (replacement cost); and the Income approach – which uses valuation techniques to convert future amounts to a single present amount based on current market expectations about the future amounts (including present value techniques, and option-pricing models). Net present value is an income approach where a stream of expected cash flows is discounted at an appropriate market interest rate.

The Fair Value Measurements and Disclosure Topic establishes a fair value hierarchy, which prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority.

The carrying amount reflected in the statements of financial position for cash, accounts receivable, City holdbacks, prepaids, payables, and deferred revenue approximates fair values due to the relative short maturities of these instruments.

### Adoption of new accounting standard

In February 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-02, Leases (Topic 842) ("ASU No. 2016-02"). ASU No. 2016-02 and all subsequently issued clarifying ASU's require entities to recognize right-of-use ("ROU") lease assets and lease liabilities on the statement of financial position and disclose key information about leasing arrangements. The pronouncement is effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022.

The SDTMD adopted the new standard effective July 1, 2022, the first day of SDTMD's fiscal year using the modified retrospective approach. The adoption resulted in no change to beginning net assets as of July 1, 2022 and comparative prior period information is reported in accordance with previous lease accounting guidance FASB Accounting Standards Codification ("ASC") *Topic 840 — Leases*.

As part of the adoption of the ASU No. 2016-02, SDTMD elected the transition package of practical expedients to not reassess the following: (i) lease classification of existing or expired leases; (ii) whether expired or existing contracts contain leases under the new definition of a lease; and (iii) previously capitalized initial direct costs for existing leases. Upon implementation, there was no impact to the SDTMD's statement of financial position as of July 1, 2022. The adoption did not result in a significant effect on amounts reported in the statement of activities for the fiscal year ended June 30, 2023.

# San Diego Tourism Marketing District

Notes to Financial Statements

June 30, 2023 and 2022

---

## Note 1 – Organization and summary of significant accounting policies (continued)

### Leases

The SDTMD determines if an arrangement is a lease, or contract contains a lease, at inception and classifies the lease as operating or finance. Leases are included in ROU assets and lease liabilities in the statement of financial position. SDTMD recognizes a ROU lease asset for the right to use the underlying assets for the lease term and a lease liability for the obligation to make lease payments. ROU assets and lease liabilities reflect the present value of the future minimum lease payments over the lease term, and ROU assets also include prepaid or accrued rent.

SDTMD made an accounting policy election to not recognize ROU assets and lease liabilities for short-term leases that have terms of 12 months or less at commencement date and do not include a purchase option that the SDTMD is more than reasonably certain to exercise. Short-term leases are reported as lease expense on a straight-line basis over the lease term. SDTMD also elected an accounting policy to use a risk-free rate for a period comparable with that of the lease term for all leases and to account for lease and non-lease components separately. Lease terms may include options to extend or terminate the lease when it is reasonably certain that SDTMD will exercise that option.

### Subsequent events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. The SDTMD had no subsequent events that required recognition or disclosure in the financial statements for the fiscal year ended June 30, 2023. Subsequent events were evaluated through January 19, 2024, which is the date the financial statements were available to be issued.

## Note 2 – Accounts receivable

Accounts receivable at June 30, 2023 totaled \$5,857,786 and is comprised of an advance receivable from the City of San Diego in the amount of \$5,825,112, an insurance premium refund due in the amount of \$2,674, and an IRS penalty refund due of \$30,000. Accounts receivable at June 30, 2022 was \$0.

### Accounts receivable - O-19622

Under O-19622, the City remits assessments collected to SDTMD as reimbursement requests are submitted to the City by SDTMD. Reimbursements of SDTMD submissions are made within 30 days of submission, beyond which they are considered delinquent. There were no delinquent reimbursements at June 30, 2023 and 2022.

### Accounts receivable - O-20096 and Modified O-20096

Under O-20096 and Modified O-20096, the City remits assessments to SDTMD as collected less City holdbacks of opportunity/catastrophe reserve, and City administration fees. SDTMD receives remittances from the City on a monthly basis. The monthly remittances are comprised of assessments collected, penalty income collected, and interest income earned on pooled investments, during the prior period less City holdbacks. Subsequently, the SDTMD submits reconciliation reports to support expenditures against the City remittances.

## Note 3 – City holdbacks

City holdbacks are assessments collected by the City and unremitted to SDTMD to fund the opportunity/catastrophe. Other City holdbacks consist of assessments collected and unremitted by the City in excess of the amounts held to fund the required reserves and SDTMD budgeted expenditures.

## San Diego Tourism Marketing District

Notes to Financial Statements

June 30, 2023 and 2022

### Note 3 – City holdbacks (continued)

City holdbacks (amounts that will be held in reserve for less than one year) are comprised of the following at June 30, 2023 and 2022:

	2023	2022
Opportunity/catastrophe reserve	\$ 14,735,243	\$ 13,640,414
Other City holdbacks	10,728,987	7,520,985
Total City holdbacks	<u>\$ 25,464,230</u>	<u>\$ 21,161,399</u>

### Note 4 – Accounts payable

The balances in accounts payable at June 30, 2023 and 2022 consist of the following:

	2023	2022
Unpaid reimbursement requests from contractors	\$ 6,230,846	\$ 2,606,340
Unpaid administrative invoices	42,319	6,164
	<u>\$ 6,273,165</u>	<u>\$ 2,612,504</u>

### Note 5 – Deferred revenue

Deferred revenue consists of unspent assessments which include opportunity/catastrophe reserve required under the provision of the City contract, unbudgeted and/or unspent variable distributions from competitive applications, and under spent administrative costs. The balance in deferred revenue as of June 30, 2023 and 2022 is as follows:

	2023	2022
Modified O-20096	\$ 18,406,215	\$ 12,158,269
O-20096	5,847,077	7,924,040
O-19622	-	1,409
Total deferred revenue	<u>\$ 24,253,292</u>	<u>\$ 20,083,718</u>

### Note 6 – Assessment contract

#### O-19622

On April 1, 2008, SDTMD entered into an agreement with the City to operate the TMD. The City collects the assessment revenue and maintains the funds in treasury. The board of directors of SDTMD contracts with local organizations to promote the San Diego lodging industry. SDTMD requests reimbursement from the City for all expended funds. SDTMD requires its contractors to provide detailed documentation to support their expenditures in order to ensure only eligible items are being expended with TMD funds. This agreement terminated on March 31, 2013, with the expiration of the initial district.

#### O-20096 and Modified O-20096

On November 26, 2012, SDTMD entered into an agreement with the City to operate the renewed TMD district and subsequently modified the TMD district on August 2, 2016. The board of directors of SDTMD contracts with local organizations to promote the San Diego lodging industry. The City collects the assessment revenue and advances the proceeds directly to SDTMD net of the budgeted opportunity/catastrophe reserve, 5% of assessments, and the City administration fees. On at least a monthly basis, SDTMD submits reconciliation reports to the City accounting for all the expended funds. SDTMD requires its contractors to provide detailed documentation to support their expenditures in order to ensure only eligible items are being expended with TMD funds.

# San Diego Tourism Marketing District

Notes to Financial Statements

June 30, 2023 and 2022

---

## Note 6 – Assessment contract (continued)

### O-20096 and Modified O-20096 (continued)

As of June 30, 2023 and 2022, management of SDTMD asserts that the Organization was in compliance with the terms of the City's agreement. See supplementary Schedules I and II for budget-to-actual comparisons.

## Note 7 – Concentrations

SDTMD maintains its cash balances in bank deposit accounts which, at times, may exceed federally insured limits. SDTMD has not experienced any losses in such accounts and management believes it is not exposed to any significant credit risk on cash. At June 30, 2023 and 2022, SDTMD had uninsured cash balances of \$1,873,689 and \$4,170,312, respectively.

As of June 30, 2023 and 2022, TMD assessments and interest thereon make up 100% of the funds received by SDTMD from the City and the related accrued interest income, and City holdbacks make up approximately 94% and 83% of total assets, respectively.

## Note 8 – Liquidity and availability of financial assets

The following table reflects SDTMD's financial assets as of June 30, 2023 and 2022 available for general expenditures within one year:

	<u>2023</u>	<u>2022</u>
Financial assets at year end:		
Cash	\$ 2,012,771	\$ 4,188,809
Accounts receivable	5,857,786	-
City holdbacks	25,464,230	21,161,399
Advances to contractors	-	4,561
Accrued interest income	3,129	2,921
Total financial assets available to meet general expenditures within one year:	<u>\$ 33,337,916</u>	<u>\$ 25,357,690</u>

At June 30, 2023 and 2022, none of the financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position date.
